Purpose of the Comprehensive School Safety Plan (CSSP)

Sections 32280-32288 of the California Education Code outline the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a Comprehensive School Safety Plan relevant to the needs and resources of that particular school.

It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated Comprehensive School Safety Plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses. Comprehensive School Safety Plans are required under SB 719 & AB 115 and must contain the following elements:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual School Accountability Report Card (SARC).

A copy of the Comprehensive School Safety Plan Public Version – Part I is available for review at the Happy Valley Elementary School office, and online at www.hvesd.com.

Protocols to Address Mental Health Care of Pupils Who Have Witnessed a Violent Act

Pupils who have witnessed a violent act at school or at a school-sponsored activity, while going to or coming from school or a school sponsored activity, or during a lunch period on or off campus, will need attention to address their mental health. Witnessing violence and being a victim of violence at school have been found both positively and significantly associated with child psychological trauma symptoms and self-reported violent behavior, even after controlling for the

effects of various demographic factors. Serious emotional and behavioral consequences can occur for students who are merely witnesses to violence (Flannery, D. J., Wester, K. L., & Singer, M. I., 2004).

Students who are experiencing mental health or social issues are referred to our Mental Health counselor.
